

ICOR Freon Hot Shot 2™

Hot Shot 2 as an ozone safe, reliable, and affordable HFC replacement for R-12 and other R-12 interim replacements. **Hot Shot 2** has been extensively field tested in a variety of applications and we are confident you will be pleased with its performance.

Convenient and easy-to-use. One advantage to retrofitting to **Hot Shot 2** is that you do not need to perform a costly and time consuming compressor oil change. **Hot Shot 2 is compatible with all compressor oils.**
